Validity: 2021 October 02<sup>nd</sup> – 2024 October 01<sup>st</sup>

Issued on: 2021 October 02<sup>nd</sup>

Changed on: 2024 March 05<sup>th</sup>

Thomas Richter, Head of the Certification Body

## Remarks

Classified bonded parts only have to be produce in the proven areas:

- bonding room hall 8.

## General Regulations

The new application hast to be submitted to the certification body at least two month before the certificate expires if the suitability of the user-company shall be certificated furthermore.

## Changes within the time of valitivity of the certificate

If the adress of the user-company or company site, the class of the certificate, supervisors of the area of validity change, the certification body must be informed immediatly. The certification body decides about the necessity of an inspection on the site and change of the certificate.

The certification body must be informed if there are changes or additions to main processes or to any of the areas for which the certificate is valid under "pretreatment methods", "production processes", "tests methods" and "degree of mechanisation". The certification body decides whether to check the changes on –site and whether it is necessary to change the certificate.

## Withdrawal of the certification

Authority or the certification body can withdraw certification if:

- 1) There is a serious shortcoming in the execution of the adhesive bonding work as required by this standard;
- 2) There is a serious shortcoming in the supervision of the adhesive bonding work (except for part class A3) as required by this standard;
- 3) There is no authorised supervision of the adhesive bonding work.
- 4) The employees carrying out the adhesive bonding work at the practical level do not have valid qualification certificates as required by this standard;
- 5) Other conditions required by this standard are no longer fulfilled;
- 6) The period of validity has expired;
- 7) The user-company does not have certification.

The user company must confirm attention of the withdrawal in written form towards the certification body. The certification body has to inform the German railway authority EBA.
